

■ Calloni produces special heating bell heads made of different kinds of materials (steel, brass, iron, aluminium).

■ They can be used in different types of plants (foundries, bitumen membrane factories, packing factories etc.).

■ They work with propane, methane, gas (propane-methane)-compressed air.

■ High capacity pressure regulators are also made. They are available in two models: Propane and Methane.

■ **Aluminium and stainless steel bell head**

Code

- 1014.3X** Ø 30 mm aluminium-stainless steel bell head
- 1014.4X** Ø 40 mm aluminium-stainless steel bell head
- 1014.5X** Ø 50 mm aluminium-stainless steel bell head
- 1014.6X** Ø 60 mm aluminium-stainless steel bell head
- 1014.7X** Ø 70 mm aluminium-stainless steel bell head

■ **Brass and iron bell head**

Code

- 1014.30** Ø 30 mm brass-iron bell head
- 1014.40** Ø 40 mm brass-iron bell head
- 1014.50** Ø 50 mm brass-iron bell head
- 1014.60** Ø 60 mm brass-iron bell head
- 1014.70** Ø 70 mm brass-iron bell head

■ **Brass and stainless steel bell head**

Code

- 1014.30X** Ø 30 mm brass-stainless steel bell head
- 1014.40X** Ø 40 mm brass-stainless steel bell head
- 1014.50X** Ø 50 mm brass-stainless steel bell head
- 1014.60X** Ø 60 mm brass-stainless steel bell head
- 1014.70X** Ø 70 mm brass-stainless steel bell head

■ **METHANE regulator for plants**

Code R121M

■ **PROPANE regulator for plants**

Code R121P
